OUR MISSION

The Interfaith Disabilities Network of Oregon (IDNO) encourages faith communities to use their resources to welcome, celebrate, and include the contributions of every person who lives with a disability. IDNO represents people from all religions and denominations and we value your participation. We provide information and materials to faith-based organizations and individuals to promote full inclusion and participation for people with disabilities. Whether Christian, Jewish, Buddhist, Muslim, or any other religion, we work together to help create a more welcoming and inclusive environment for people with disabilities.

IDNO meets monthly to plan activities, events, and community education. Meetings are open and you are invited to participate. To join us at an upcoming meeting, please contact InterfaithDisabilitiesofOregon@gmail.com for more information.
